1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the results of its investigation into the activities of the American Friends Service Committee (AFSC) in the Philippines. The Commission is deeply concerned that the AFSC, which has been active in the Philippines since 1945, may have been involved in the activities of the Communist Party of the United States (CPUSA) in the Philippines. The Commission is therefore requesting the Government of the United States to provide the Commission with the results of its investigation as soon as possible.
