

# Equity Fee Waiver Program

Cannabis equity businesses in California may be eligible for a license fee waiver from the Department of Cannabis Control (DCC) if they meet certain criteria. Visit [cannabis.ca.gov](https://cannabis.ca.gov) to learn more about equity fee waivers and eligibility.

Cannabis businesses may only utilize the fee waiver program for one license fee waiver of a single license per 12-month licensure period. DCC will process fee waiver requests in the order in which the licensure application or renewal has been approved.

## Equity Fee Waiver Eligibility

### Business eligibility

The cannabis equity business must meet the following criteria:

- **Equity ownership:** Individuals who meet the equity criteria own 50% or more of the business.
- **Gross revenue:** The business has gross revenue of \$1.5 million or less per year. If a new applicant, the business expects gross revenue of \$1.5 million or less for the first year.

### Equity criteria

You may be considered an equity applicant if you are an owner of a cannabis business and satisfy at least one of the equity criteria:

- **Cannabis conviction or arrest:** You were convicted of or arrested for a cannabis offense before November 8, 2016.
- **Household income:** Your household income is less than or equal to 60 percent of the Area Median Income for the local jurisdiction where you live.
- **Neighborhood:** You lived for at least five years between 1980 and 2016 in an area disproportionately impacted by past criminal justice policies implementing cannabis prohibition. Learn more about [qualifying neighborhoods](#), or use our [map tool](#) to see if you lived in a qualifying area.

If you participate in your local jurisdiction's equity program, you can show you meet the equity criteria through an attestation on the fee waiver form.

If you don't participate in your local equity program or are in a jurisdiction without an equity program, you must submit documents to show your eligibility.

## Verification Documents

You can show proof of conviction or arrest using one of the following:

The records must include the equity owner's name and be dated within two years of the fee waiver request.
