## I. Grant Overview

The Department of Cannabis Control (DCC) announces the availability of \$20 million in grant funding for the Cannabis Local Jurisdiction Retail Access Grant. This program provides funding to local governments to support the development and implementation of a local cannabis retailer licensing program.

**Available funding:** \$20 million total, distributed in two phases

**Question submission deadline:** February 24, 2023

**Application deadline:** April 28, 2023, 5 p.m.

**Eligible applicants:** Local jurisdictions (city, county, or city and county) that:

- Do not currently have a cannabis retail licensing program
- Have a plan to develop and implement a cannabis retail licensing program

The Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA) establishes a dual regulatory structure for cannabis businesses: A person who wishes to engage in commercial cannabis activity is subject to regulation at both the state and local levels.

As of February 1, 2023, 327 cities and counties (61%) in California do not allow establishment of any cannabis retailers, whether storefront or non-storefront (delivery), within their jurisdiction.

This grant program aims to provide consumers with reliable access to regulated, tested cannabis in the legal market, and reduce demand in the illicit market. By supporting local governments in establishing cannabis retail licensing programs, this grant also seeks to reduce the size of the illicit market and establish sufficient cannabis retail stores statewide to meet existing consumer demand.

The grant program is authorized by the Budget Act of 2022, Item 1115-102-0001, found in [Assembly Bill 178 \(Ting, 2022\)](#).

### Funding Opportunity

This grant program will provide \$20 million in funding, distributed in two phases:

- **Phase I:** Funding to develop and implement a local cannabis retailer licensing program (up to \$10 million total funding; awarded by June 20, 2023)
- **Phase II:** Funding awarded based on the number of cannabis retail permits issued (at least \$10 million total funding, maximum \$2 million per jurisdiction; awarded on or after June 30, 2023)

Grant program funds are available for expenditure until June 30, 2026.

## Questions and Answers Process

Questions regarding the grant program requirements and application will be accepted from February 14, 2023, until February 24, 2023, at 5 p.m. Questions must be emailed to [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov).

Answers to questions received by the deadline will be published on DCC's [Local Jurisdiction Retail Access Grant Program webpage](#) on March 10, 2023. It is the inquirer's responsibility to check the webpage for the latest information; individual responses will not be sent.

## II. Grant Program Requirements

### Eligible Applicants

Grant funds are available only to eligible local jurisdictions (city, county, or city and county) located in California. A local jurisdiction is eligible if, as of February 14, 2023, it:

- Does **not** have a local cannabis retailer licensing program
- Has a plan to develop and implement a program to issue permits to cannabis retail businesses that establish within its jurisdiction

Jurisdictions that have already begun development of a cannabis retailer licensing program may be eligible if it:

- Has not yet begun accepting permit applications for cannabis retailers
- Has not yet published permit application forms
- Has not yet permitted any cannabis retailers within their jurisdiction

### A note on cities and counties

For purposes of cannabis regulation in California, cities and counties are regarded as separate local jurisdictions (except for San Francisco, which is both a city and county). A county is the local authority for businesses within the unincorporated areas of the county. An incorporated city is the local authority for businesses within its boundaries.

A county is eligible for the grant program if it meets the criteria for eligibility described above, even if there are incorporated cities within that county that already permit cannabis retailers. Conversely, an incorporated city is eligible for the grant program if it meets the eligibility criteria above, even if it is located within a county that already permits cannabis retailers.

### Examples of eligible local jurisdictions

- A local jurisdiction that currently prohibits all commercial cannabis activity but has a plan to develop and implement a program to issue permits to commercial cannabis retail businesses within its jurisdiction.
- A local jurisdiction that has passed a law to allow retail cannabis businesses but has not yet begun accepting permit application forms.
- A county that currently prohibits the establishment of cannabis retailers within the unincorporated area of the county, even if incorporated cities within that county already permit cannabis retailers.
- A city that currently prohibits the establishment of cannabis retailers within its boundaries, even if that city is located within a county that already permits cannabis retailers.

## Examples of ineligible local jurisdictions

- A local jurisdiction that already has a program to permit cannabis retail businesses and has begun accepting applications or has already issued retail licenses.
- A local jurisdiction that prohibits cannabis activity and has no plan to develop and implement a program to issue permits to retail businesses within their jurisdiction.
- A local jurisdiction that allows cannabis activity and has already issued retail licenses.
- A local jurisdiction that only plans to permit cannabis retailers to deliver from an outside jurisdiction and does not intend to allow the establishment of cannabis retailers within the jurisdiction

## Funding Rounds

This grant program will provide \$20 million in funding, distributed in two phases:

- **Phase I** provides funding to support local jurisdictions in the development and implementation of a local cannabis retailer licensing program. Up to \$10 million in total funding is available, and awards will be announced by June 20, 2023.
- **Phase II** awards additional funding after the local jurisdiction issues cannabis retailer permits. At least \$10 million in total funding is available; awards will be made for each cannabis retailer permit issued, beginning on or after June 30, 2023.

### Phase I

During Phase I, an eligible local jurisdiction may receive initial funding to support its development and implementation of a local cannabis retailer licensing program.

**Available Funding:** Up to \$10 million in total funding is available for Phase I. An eligible jurisdiction may receive funding up to the maximum amounts listed in Table A, based on the local jurisdiction’s population as determined by the California Department of Finance’s 2022 Population Estimates for Cities, Counties, and the State<sup>1</sup>.

Additional funding will be awarded to local jurisdictions that include a proposal to issue retail licenses to qualified local equity businesses. This funding will be paid with the second disbursement, after the jurisdiction has established a program with explicit provisions to issue licenses to qualified equity retail businesses.

**Funding Disbursement:** Phase I funding will be disbursed in two payments:

- **1<sup>st</sup> Payment:** The first disbursement of funds will comprise 80% of the initial award and will be distributed upon execution of the Grant Agreement.

Note: County populations will be determined by counting only the population in the unincorporated areas of the county, denoted on the spreadsheet as “Balance of County,” under each respective county name.

- **2<sup>nd</sup> Payment:** The second disbursement of funds will comprise the remaining 20% of the initial award and will be distributed after the jurisdiction has established the cannabis retail licensing program.

**Table A: Maximum Funding Amounts During Phase I**

Population	1 <sup>st</sup> Payment (80%)	2 <sup>nd</sup> Payment (20%)	Total Phase I Funding	Phase I Equity Bonus
0-14,999	\$80,000	\$20,000	\$100,000	\$15,000
15,000-29,999	\$100,000	\$25,000	\$125,000	\$30,000
30,000-44,999	\$120,000	\$30,000	\$150,000	\$45,000
45,000-59,999	\$140,000	\$35,000	\$175,000	\$60,000
60,000-74,999	\$160,000	\$40,000	\$200,000	\$75,000
75,000-89,999	\$180,000	\$45,000	\$225,000	\$90,000
90,000-104,999	\$200,000	\$50,000	\$250,000	\$105,000
105,000-119,999	\$220,000	\$55,000	\$275,000	\$120,000
120,000-134,999	\$240,000	\$60,000	\$300,000	\$135,000
135,000+	\$260,000	\$65,000	\$325,000	\$150,000

## Phase II

Local jurisdictions that received funding during Phase I are eligible to receive additional awards during Phase II, after the local jurisdiction has begun issuing licenses to cannabis retailers.

**Available Funding:** At least \$10 million will be available for disbursement in Phase II. Local jurisdictions that received funding during Phase I are eligible to receive an additional \$75,000 in grant funds for each cannabis retailer license issued, or \$150,000 for each equity cannabis retailer license issued. A maximum of \$2 million per jurisdiction can be awarded in Phase II.

## Example Fund Disbursement

An eligible local jurisdiction with a population of 80,000 could be granted **\$225,000** in Phase I (disbursed in two payments of \$180,000 and \$45,000) and may receive an additional **\$90,000** in equity bonus funding if they establish a program to issue cannabis retailer licenses to equity applicants.

If this jurisdiction issued four retailer licenses and one equity retailer license, they would be eligible to receive **\$450,000** (\$75,000 per license and \$150,000 per equity license) in Phase II.

## Eligible and Ineligible Uses of Funds

### Eligible Uses and Costs

Local jurisdictions must use funding to support the development and implementation of a cannabis licensing program, or for programs or initiatives that directly support cannabis equity businesses.

Eligible costs include, but are not limited, to the following:

- Salaries and benefits for local government staff directly involved in the development or implementation of the cannabis retailer licensing program
- Expenses to develop or implement application processes for cannabis retailer licenses, including software costs
- Expenses to conduct stakeholder outreach or community engagement to inform the development of the cannabis retailer licensing program
- Local government staff costs or other professional preparation of CEQA-compliant environmental documents for cannabis retailers
- Technical support for applicants and licensees
- Other uses that further the intent of the program, as determined by DCC

Additional grant funding provided in either Phase I or II for adoption of an equity program or issuance of an equity license **must be used for the benefit of the cannabis equity program or cannabis equity businesses**. Eligible uses for equity bonus funding include:

- Fee waivers, tax relief, or similar direct-financial assistance for equity applicants and licensees
- Development of infrastructure to support and/or prioritize equity applicants in the permitting process
- Technical assistance for equity applicants or licensees, including, but not limited to:
  - State or local license application assistance
  - Assistance with regulatory compliance
- Other uses that support the success of equity applicants or licensees, as determined by DCC

### Ineligible Uses and Costs

The following activities, products or costs are ineligible uses under the grant program and will not be allowed:

- Local government costs or initiatives unrelated to the development or implementation of the cannabis retailer licensing program
- Costs or fees related to litigation
- Payment of fines or other penalties incurred for violations of environmental laws and regulations, or related to unlicensed commercial cannabis activity
- Costs incurred outside of the grant funding expenditure period
- Acquisitions where the purchase price is greater than the appraised value
- Other prohibited uses, as determined by DCC

## III. Application Process

### Application Requirements

Grant applicants must submit a complete application to DCC, which includes:

- Application Cover Sheet (DCC-2625)
- Attachment A – Permitting Plan (DCC-2626)
- Attachment B – Budget Plan (DCC-2627)

#### Application Cover Sheet

The Application Cover Sheet (DCC-2625) describes basic information about the local jurisdiction, including the applicant information, grant funds requested, the jurisdiction’s current program status, and any adopted local cannabis laws.

#### Attachment A – Permitting Plan

The Permitting Plan (DCC-2626) describes the jurisdiction’s plan to establish a cannabis retailer licensing program. The plan must include timelines for program adoption, which will be used to assess whether the jurisdiction has made measurable progress toward permitting cannabis retail businesses, as required by the Budget Act of 2022. The permitting plan also describes the jurisdiction’s eligibility for priority review.

Jurisdictions applying for funding in connection with proposals to assist equity applicants must also complete the Equity Program Plan section of the form, which describes the local government’s plan to adopt a program that prioritizes and/or facilitates the issuance of licenses to qualified equity businesses. In establishing this program, the jurisdiction may adopt the state’s definition of “qualified equity applicant or licensee” ([CCR Title 4, §15014.1\(a\)](#)).

If selected for a grant award, Attachment A will be incorporated into the Grant Agreement as the Scope of Work.

#### Attachment B – Budget Plan

The Budget Plan (DCC-2627) estimates how Phase I funding will be used to support the creation of the local cannabis retailer licensing program and issuance of retail licenses.

All grant program expenditures must be for activities, products, and costs that have been included in an approved Application proposal and Budget. Approved expenditures must only be incurred after the local jurisdiction enters into a Grant Agreement (see Section V).

No expenses can be incurred after June 30, 2026.

### Application Submission Process

Applications must be submitted to [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov) by 5 p.m. on April 28, 2023. Applicants must use the form templates provided by DCC.

Applicants may modify their application by withdrawing their application and resubmitting a new application. The withdrawal request must be submitted by the applicant and emailed to [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov). The new application must be received **before** the application deadline (5 p.m. on April 28, 2023) to be considered.

The grant applicant is responsible for all costs associated with developing the application or incurred in anticipation of award or the agreement. Grant applicants should carefully review their documents for errors and adherence to the application requirements. DCC is not responsible for any errors or defects in the submitted application, and applicants should not rely on DCC during the review process to discover and report to the applicant any such defects or errors.

## Technical Assistance Available

Resources are available to assist local jurisdictions with understanding the grant program requirements and application process:

- Visit the [Local Jurisdiction Retail Access Grant Program webpage](#) for additional information about this grant program, including answers to questions submitted during the Q&A period.
- Contact the DCC Office of Grants Management at [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov) with any questions.

## IV. Selection Process

### Application Review

Grant applications will be screened for eligibility and completeness. Applications will be disqualified if they are:

- Submitted by an ineligible applicant
- Incomplete
- Received after the application deadline

DCC may request clarification regarding the submitted application, as needed, during the review process. Applicants will be notified if they do not meet the eligibility requirements and will be provided five business days to respond before a final determination of disqualification is made.

### Application Processing Order

Eligible applications will be processed in the order that they are received, beginning with those that receive the highest number of priority review points and ending with those receiving no priority points (as described below), until funding is exhausted. Applications with six priority review points will be processed first, followed by applications with five priority review points, then four, and so on. Applications with no priority review points will be processed last.

If a Grant applicant withdraws their application to make modifications and submits a new application, the date the new application is received by DCC will be used in determining the processing order.

### Priority Funding

This grant program prioritizes funding to local jurisdictions that propose to assist cannabis equity businesses, address gaps in consumer access to safe and regulated cannabis, or plan to permit cannabis retailers through existing business permitting processes. To accomplish this, eligible applications will be awarded priority review points, as follows:

- Two (2) priority review points will be awarded to local jurisdictions whose proposed retail program contains provisions to assist equity applicants.
- Two (2) priority review points will be awarded to local jurisdictions in which consumption of cannabis and cannabis products in the county exceeds that county's proportional share of legal cannabis retailers.
- One (1) priority review point will be awarded to local jurisdictions whose proposed retail program will license cannabis retail businesses through the local jurisdiction's existing non-cannabis-business license process.

- One (1) priority review point will be awarded to local jurisdictions whose proposed retail program will license cannabis retail business projects only that are eligible for a categorical exemption under the California Environmental Quality Act (CEQA).

### **Priority Review Points: Equity Licensing Opportunities**

DCC is committed to providing equity to communities harmed by past cannabis criminalization through local pathways to licensure and business success. Local jurisdictions that submit a plan to incorporate equity into their permitting process will be eligible for two (2) priority review points.

Additional funding will be awarded in both phases of this grant program for local governments that adopt equity programs and issue cannabis retailer licenses to equity businesses.

### **Priority Review Points: Consumption Exceeding Retail Share**

This grant program aims to provide consumers with better access to regulated, tested cannabis and reducing the need for consumers to turn to the illicit market. To achieve this aim, priority review points will be allocated for areas of the state in which the proportion of licensed cannabis retail outlets is low compared to its share of consumer consumption, or in which no legal retailers are established (as shown in Appendix B).

Two (2) priority review points will be allocated to the following counties or cities located within the counties, where grant-eligible:

- Amador County
- Butte County
- Contra Costa County
- Fresno County
- Glenn County
- Kern County
- Lassen County
- Madera County
- Orange County
- Placer County
- San Benito County
- San Diego County
- San Joaquin County
- San Mateo County
- Santa Clara County
- Sutter County
- Tehama County
- Yuba County

## Priority Review Points: Existing Business Licensing Pathways and CEQA Exemptions

The experience of local jurisdictions that have proactively regulated cannabis has shown that:

- Establishing cannabis-specific licensing programs can be resource and time intensive
- Utilizing existing permitting and review pathways can simplify cannabis permitting processes

To support local jurisdictions in expeditiously developing cannabis retailer licensing programs, one (1) priority review point will be awarded to jurisdictions that propose to license cannabis businesses through existing business permitting process already in existence for non-cannabis businesses.

Additionally, one (1) priority review point will be awarded to jurisdictions whose proposed retail program will license cannabis retail business projects only that are eligible for categorical exemption under the California Environmental Quality Act (CEQA).

## Notification of Grant Award

DCC will announce grant awards in early June 2023. Successful applicants will receive a Grant Award Notification and must enter into a Grant Agreement to receive funds.

## V. Grant Implementation

### Grant Agreement

Grant recipients must enter into a Grant Agreement which specifies terms and conditions relevant to the receipt and use of grant funding. The following items will be incorporated by reference into the Grant Agreement:

- The content of this solicitation and related terms and conditions (see Appendix C: Grant Agreement – Standard Terms and Conditions)
- The grant recipient’s submitted application materials, including any clarifications provided during the review process, which will comprise the Scope of Work

Both DCC and the selected applicant must sign the Grant Agreement to execute it. An executed Grant Agreement must be in place before funding will be disbursed or expenditures may begin.

The term of the grant agreement will be July 1, 2023, to June 30, 2026.

### Requirements Prior To Execution of Grant Agreement

Prior to the execution of the Grant Agreement, the local jurisdiction will be required to submit a resolution of its governing body (i.e., the county board of supervisors or city council) that commits the entity to:

- Comply with the requirements of the Grant Agreement
- Accept grant funds from DCC

The resolution may be written so as to allow for grant amendments without governing body approval. A sample resolution is included in Appendix D.

As an alternative to submitting a resolution of its governing body, the local jurisdiction may instead show that the governing body has previously authorized another decisionmaker within the local jurisdiction to make these commitments on behalf of the local jurisdiction. In this circumstance, the local jurisdiction must submit evidence of this authorization (for example, a local ordinance delegating authority to the relevant decisionmaker within the local jurisdiction), as well as a commitment from the relevant decisionmaker on behalf of the local jurisdiction.

### Completion of Grant Agreement

Signed Grant Agreements, [Payee Data Form \(STD. 204\)](#), and approved governing board resolutions or authorizations must be returned to DCC no later than October 1, 2023. If these are not returned by the deadline, DCC, in its sole discretion, may withdraw the award and redirect funds to another eligible applicant, as needed.

## Fund Disbursement

### Phase I Fund Disbursement

DCC will distribute the first Phase I funds directly to a local jurisdiction after the award process is completed and the local jurisdiction has entered into the Grant Agreement. Payments will be made through the State Controller's Office.

Phase I funding will be disbursed in two payments:

- **1<sup>st</sup> Payment:** 80% of the initial award, distributed upon execution of the Grant Agreement
- **2<sup>nd</sup> Payment:** The remaining 20% of the initial award (including equity bonus funding, if eligible) distributed after the jurisdiction has established the cannabis retail licensing program

The grant recipient must notify DCC of its eligibility to receive the second payment by submitting the Payment Request Form (DCC-2630) and an updated budget expenditures report to [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov), no later than October 31, 2025. If the second payment includes equity bonus funding, the jurisdiction must include an updated Budget Form detailing how the equity bonus funds will be spent.

### Phase II Fund Disbursement

Jurisdictions may request Phase II funding disbursements after the issuance of a cannabis retailer permit. To request Phase II funding, the jurisdiction must submit the Payment Request Form (DCC-2630).

A local jurisdiction may not receive Phase II funding for the issuance of a retailer license until the locally-licensed business has submitted a complete state license application. A local jurisdiction may not be awarded more than \$2,000,000 for retailer licenses issued in Phase II.

After DCC verifies eligibility for the Phase II payment, the funding will be scheduled for disbursement. Approved Phase II funding awards will be processed for payment in September and April of each year of the grant program. Phase II funding will be awarded until the funds are depleted. Payments will be made through the State Controller's Office.

### Disbursement of Remaining Funds

Grant program funds not originally distributed, and funds recaptured by DCC, may be distributed to any eligible local jurisdiction, as determined by DCC.

### Recapture of Funds

Any remaining amounts of funding allocated to local jurisdictions that are not expended by June 30, 2026, pursuant to each local jurisdiction's approved application by the Department of Cannabis Control, shall revert to, and be paid and deposited in, the General Fund.

## Expenditure Deadline

Awarded grant funds must be expended by June 30, 2026. All eligible expenses incurred by the recipient must be within the grant term of July 1, 2023, to June 30, 2026. Any funds that are not expended as of July 1, 2026, are returned to the Department of Cannabis Control, and shall revert back to the state’s General Fund.

## Reporting Requirements

### Annual Progress Report

The Grantee must provide an Annual Progress Report on December 1 for each year of grant expenditures. The Annual Progress Report:

- Describes grant program expenditures and activities occurring during the calendar year, and
- Must demonstrate that the grant program funds were expended for eligible uses and consistent with the activities identified in the Grant Agreement.

The progress report must be submitted using the Annual Progress Report (DCC-2628) template provided by DCC.

The Annual Progress Report must be submitted for any year in which grant program funds were expended, even if no funds remain by the submission due date. DCC may request additional updates during the grant term as needed to assess the validity of expenditures or progress towards milestones outlined in the Grant Agreement.

**Table B: Annual Progress Report Submission Dates**

Reporting Timeframe	Annual Report Deadline
July 1 – December 31, 2023	December 1, 2023
January 1 – December 31, 2024	December 1, 2024
January 1 – December 31, 2025	December 1, 2025
January 1 – June 30, 2026	December 1, 2026

### Closeout Report

If the Grantee receives funding in Phase I but does not establish a local cannabis retailer licensing program by October 31, 2025, the Grantee must complete and submit a Closeout Report (DCC-2629).

The Closeout Report must include the following information:

- The status of cannabis retail within the jurisdiction
- A detailed description of the reason(s) the local jurisdiction did not establish a cannabis retailer licensing program

The Closeout Report must be submitted with the final Annual Progress Report form. The Grantee must provide a closeout report to DCC whether the grant term has expired or not, or the Grantee has expended the grant program funds before the end of the grant term.

Grantees that fail to establish a local cannabis retailer licensing program by October 31, 2025, must return any unused Phase I funds to DCC in a timely manner and will not be eligible for Phase II funds.

## Grant Amendments

Requests to amend the Grant Agreement must be submitted by the Grantee in writing to [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov) using the Grant Amendment Form (DCC-2607). Requests must include revised grant agreement exhibits and an explanation of reason for the requested change.

## Accounting, Records and Audits

The Grantee must maintain records of receipts and expenditures of grant funds for a minimum of seven (7) years after the grant term end date, or final payment of any grant funds, whichever is later. Records are subject to audit by DCC, the California State Auditor, the California Department of Finance or relevant state auditing authorities.

## Remedies of Non-Performance

DCC may recapture funds that have been disbursed to the Grantee in any of the following circumstances:

- Funds are not expended by the deadline established by DCC
- Funds are used for an ineligible purpose
- The use of funds does not align with the application materials submitted to DCC and incorporated into the Grant Agreement
- The Grantee fails to demonstrate progress toward establishing a cannabis retail licensing program, as measured by the plan and timeframes outlined in the application materials submitted to DCC and incorporated into the Grant Agreement.
- The Grantee is not in compliance with Item 1115-102-0001 of Section 2.00 of the Budget Act of 2022 or DCC's Grant Guidelines.

Grantees must notify DCC of any grant funds that have not been expended by the deadlines outlined in the Grant Agreement by emailing [grants@cannabis.ca.gov](mailto:grants@cannabis.ca.gov). DCC will reissue funds to other eligible applicants, where possible.

## Appendix B: List of jurisdictions in which consumption of cannabis and cannabis products exceeds the county’s proportional share of legal cannabis retailers

The data below is an analysis to estimate cannabis consumption in California. This data reflects data from the Substance Abuse and Mental Health Services Administration’s (SAMHSA) National Survey on Drug Use and Health (NSDUH), population data from the United States Census Bureau and estimated cannabis use rates per capita.

The NSDUH reports past month usage (regular consumers) and past year usage (casual consumers) of cannabis. Consistent with previous state estimates, this analysis assumes regular consumers consume an average of 21 grams of cannabis flower or equivalent cannabis product per month; it assumes casual consumers consume an average of 3.5 grams per month. These values are conservative and may be higher than actual figures.

Based on this analysis, the average total consumption of cannabis and cannabis products per licensed cannabis retailer is approximately 2,359 pounds. The counties in orange and with an asterisk by their name are:

- Those in which consumption amount per licensed retailer is higher than the average, or
- Those in which no legal retailers exist and consumption is higher than the average.

In these counties, the number of licensed cannabis retailers are low compared to its share of consumer consumption, indicating that consumers in these areas would benefit from expanded access to licensed retail cannabis.

### Limitations of Data Sources

The NSDUH data underlying this analysis has limitations common to survey research, including the potential for sample biases and weighting errors. The data are based on self-reports of cannabis use, and their value depends on respondents' truthfulness and memory. While NSDUH procedures were designed to address such concerns, some underreporting or overreporting may take place. Learn more about the [strengths and limitations of NSDUH data](#).

SAMHSA provides state and substate regional data from the NSDUH. In some cases, these substate regions contain multiple counties. Adult population data from the United States Census Bureau was used to extrapolate cannabis consumption levels by county from the broader regional data. Additionally, some regionalized data is not available due to data collection challenges during the COVID-19 pandemic. Where that is the case, the estimates in this analysis represent projected levels of cannabis consumption using historical averages and trends combined with the most recent available NSDUH data.

Despite these limitations, this data analysis serves as a good estimate of the relative share of total cannabis consumption in counties, as needed for the administration of this grant program.
